BUSINESS EXPERIENCE

- 2022** **AVALON CONSULTING, Mumbai, India**
Asia focused strategy consulting firm, providing consulting services across all industries
Consulting Intern (2 months)
- Built and validated a framework to identify specialized manufacturing companies as investment opportunities for INR 250 million (GBP 2.7 million), by evaluating them basis their financials and nicheness of operations
 - Corresponded with Directors and Senior Analysts at Avalon to create a list of over 20 potential factors to classify manufacturing operations as niche by quantifying them on a scale of 5 to an accuracy of 100%
 - Researched and analyzed financials of over 100 companies to filter a shortlist of 8 companies based on the framework and presented an in-depth report on the final pipeline and shortlisted companies to the client
- 2021** **RBL BANK, Mumbai, India**
Indian private sector bank headquartered in Mumbai and founded in 1943
Summer Intern (3 months)
- Streamlined data updating processes on interest rate platforms by reducing the loading time by over 90%
 - Analyzed data of hundreds of clients and potential clients to determine strong and weak sectors by making a dashboard on Power BI, helping the bank plan strategies to approach clients in weaker sectors
- 2021** **DJ SANGHVI COLLEGE OF ENGINEERING, Mumbai, India**
Inhouse college guided project for a big 4 accounting firm
Data Science Intern (3 months)
- Headed a team of 5, as point of contact for senior officials and directors at a big 4 accounting firm, to analyze and forecast the prices of TSR20 and RSS40 rubber classes for 2021 on a very small, inhouse, firm dataset
 - Employed extensive feature selection based on shared research and trained an ensemble ML model using the resultant independent variables to mimic the trends observed in the rubber prices to an accuracy of 97%
- 2021** **PHEMESoft IBM, Mumbai, India**
EdTech company, partnered with IBM, aiming to incorporate industry demanded skills in higher education
Project Intern (2 months)
- Led a team of 3 interns to build a career guidance website based on personality types that evaluated user behavior using K-Means clustering and suggested up to 5 potential careers and paths to achieve them
 - Awarded first place among 12 intern teams owing to high project ratings by IBM and Phemesoft representatives
- 2020** **CUTTLEWAVE APPARELS, Mumbai, India**
Online fashion store without a size selector, supplies clothes altered to customer's body dimensions
Business Development Intern (3 months)
- Onboarded 2 new partner businesses onto the platform, resulting in 2 SKUs that accounted for 20% total sales
 - Hired 4 campus ambassadors to generate brand awareness and organized 3 marketing drives for promotion of the platform, attended by over 100 people, leading to an increase in users by 30%
- 2020** **EDELWEISS FINANCIAL SERVICES, Mumbai, India**
One of India's leading financial services conglomerates, providing a broad range of products and services
Software Development Intern (2 months)
- Created a dashboard to track employee attendance and leaves that is now used by over 10,000 employees
 - Consulted with managers of various departments to develop an attendance system to supervise employees' daily punch-in times and acknowledge leaves using JavaScript, SQL, and Edelweiss' local APIs
